## Review and Approval of Previous Minutes

The minutes from the previous meeting were reviewed and approved. The minutes are available on the GIS home webpage.

## Subcommittee Reports

### Parcel Conversion Project

Ryan reported he has been making edits in Center Township. Greg reported the websites and X drive parcel layers had been updated last week. There was discussion about the Feature-Linked annotation and which layers will be using that annotation versus regular annotation.

## Status of Projects Tasks

## **Projects in Progress**

### **Water and Sewer Utility**

Rodney reported Rick S. has been creating maps books, 36x36 also Philip reported he may have an extra map rack. Greg reported they will soon be doing snapshot replications and would like to post the completed sections to the enterprise.

### **Addressing and Corrections**

Laura H. reported the updates this month for the 2000Streets layer. We added two new apartment complexes, first off of Schutte Rd -Eagle Village Student Housing including streets named Stellar, Steppe Way, Bald St, Harpy St and Crowned Lane. The other complex is located off of Upper Mt Vernon- Brickyard Apts. including streets named Brickyard Ct, Redbrick Ct, and Riverstone Ct. Also two subdivisions were added, first is Crown Ridge Sect 2, located near Green River and Kansas includes new streets named Erinwood Ct and Rathbone Dr. Next subdivision is Bridlewood Section 6b includes Wayland Ct, Bluff Stone, and Wayland Dr.

There was discussion about the procedure for addressing parcels, which is different than street addressing, parcel errors go thru the Assessors, centerline errors go to GIS depart.

### **Arc IMS Websites**

Greg G reported he is working on an internal site for the Commissioner to show additional information about the tax certificate sale, also Building commission has mentioned they would like to change to the newer Freeance template. Greg also reported he has a new script which creates "drop down folders" in the legend, which will benefit sites with many layers. Also there is a new link to the Commissioners Tax Certificate Sale, from the GIS home page.

### **Storm Water Project**

Greg G. reported the pilot area has been completed and they are now inputting their data into the model. Greg is working on an internal website for their data model.

### **GPS**

Laura H reported from Peter Sprygada he has completed changes to the FTP server to better accommodate the data transfers. There was general discussion about gps data collection techniques and accuracy.

### **2005 State Color Ortho Photography**

Laura H reported from the Indiana Mapping Project Status website, Vanderburgh is currently in the AT "In Process". You can check the status from the Access Indiana website.

### **Permitting, Coding, and Licensing Software Solutions**

David B. stated the Animal Control project is complete and ready for deployment; we are working on the City view server to work in a clustered mode, then Ed Ziemer and Tom Hayden will install out at Animal control. For the DMD Code Enforcement project Municipal is wrapping up the data conversion process. The citizen complaint and Building and Permits application projects are beginning, Municipal is sending out questionnaires to gather information about how to customize the software to our needs here in Evansville.
